

Quality System Independent Auditing

General description of how to engage an independent audit:

Any independent audit engaged by MA&P, the auditor has the responsibility to plan and perform the audit to obtain reasonable assurance about whether the audit scope can be commenced.

MA&P will make a preliminary assessment of the potential risks, the nature and complexity of the prospective Organization's business and whether MA&P has the resources and expertise to perform the audit.

MA&P audit team constructs an audit plan and a detailed checklist based on an understanding of the company's business.

MA&P then perform the audit based on the scope. The audit will produce conclusions from the audit evidence obtained.

MA&P deliver your Organization a full detailed audit report containing the questionnaire, answers, Non-conformity Reports, recommendations and a conclusion.
